

In Silico Neuroscience Course:

Tutorials instructions

1. From the course Moodle download the jupyter notebooks for the tutorials and exercises.
2. Upload the tutorials and exercises to the NOTO platform: <https://noto.epfl.ch>
3. Read, understand and run the tutorials.
4. Solve the exercises in groups.
5. Send the assignments for grading each Monday by 23:59 to natali.barroszulaica@epfl.ch
6. If in any doubt you can ask the TAs during the course hour of exercises or by email.

(Hint: send the email to all the TAs and to Natalí)
